**Point of Attention:** This report is only a preliminary analysis and it is effective for two years from the date mentioned in the heading of this document.

The producer must please advise the Brand (your customer) which will commercialize the product that, to obtain the **Amni Soul Eco**® Trademark License Agreement, the final product must meet the **Amni Soul Eco**® and biodegradable materials minimum in the total weight composition. In order to conclude the certification process, and also have the authorization for communicating **Amni Soul Eco**® brand, the brand owner must submit the packaging prototypes and all other communication materials, containing the marketing claims for approval. Also important, the producer must advise the Brand (your customer), there are special regulatory local rules and AMNI SOUL ECO® technical team already knows few of them (ex.:California, USA).

After the evaluation of marketing claims, Rhodia will provide the final certificate, according to **Soul Eco**® brand procedure.
